

REMARKS

The Official Action dated August 27, 2007, has been carefully considered. Consideration of the changes and remarks presented herein and reconsideration of the rejections are respectfully requested. By the present amendment, claims 1 and 13 have been amended. Support for the amendments can be found in the specification, claims and drawings as originally filed. It is believed that these changes do not involve any introduction of new matter, whereby entry is believed to be in order and is respectfully requested. Accordingly, claims 1-22 and 36-38 stand pending in this application. As set forth below, it is believed that the claims 1-22 and 36-38 are in condition for allowance.

Claims 1 and 13 were rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicants regards as the invention. Applicants believe the claim amendments to claims 1 and 13 overcome this rejection, thus now making the rejection moot. As such, Applicants respectfully request reconsideration.

It is believed that the above amendments and remarks represent a complete response to the Examiner's rejections under 35 U.S.C. § 112, second paragraph, and as such, place the present application in condition for allowance. Reconsideration and an early allowance are requested.

Respectfully submitted,
